A CORDIAL INVITATION.....

We cordially invite all who are interested in the production of better Polled Shorthorns to be our guests on October 30th at our farm. We are confident that you will agree to our assertion that we are offering the best lot of cattle we have ever produced.

We hope that you will arrive in ample time to permit an inspection of our battery of breeding bulls, the breeding herd, and the calves that are produced, as well as the cattle in the offering.

We have been breeding these cattle for forty-five years. We frankly feel that those many years of hard work and untiring effort have not been in vain. The cattle speak for themselves. Our confidence in the ability of our cattle to make good for their purchasers is substantiated by the records made by prizewinners sold in previous auctions. We have always sold our best cattle each year. A fact that is reflected in the winnings at the greatest Polled Shorthorn shows on earth. In spite of the records attained by these animals, the improvement they have made in the herds, and for the herds of fellow breeders we re-iterate our belief that the 1945 offering is superior to all previous ones. There are better top animals and a far better average throughout the entire consignment.

We are pleased that Alpine Farms are again selling a choice and carefully selected group of outstanding cattle in our sale. We have personally inspected every animal they are consigning and they are superior to the good cattle they sold last year.

In loyalty to Polled Shorthorns we know of no method of opening up broader channels and more fertile fields, no means of creating greater interest, stimulating more breeders, than to offer those animals that are at the peak of our production efforts of forty-five years. New owners, we sincerely hope, will carry them onto a further degree of success.

THE THIEMANS.

THIS BATTERY OF HERD SIRES IS AMERICA'S STRONGEST

KING OF THE VANITIES x2123419—This solid red bull is out of the International Grand Champion cow Vanity Queen 5th x and sired by the International Champion, Cherry Coronet. Thirteen of his fourteen nearest sires and dams have sired or produced International champions. The entire Carver Brown herd was purchased in order that the bull could be returned to service in the Thieman herd. His calves are the greatest that have ever been born on the Thieman farm. His colors are uniform and dark. His calves have grand heads, the right type and quality to spare. Just one of his calves sells in this year's auction.

KING OF DIAMONDS x2289837—Solid red in color, lots of weight for his age and an all around good true lined thick, good quartered bull. He belongs to the same family that produced Count Coronet as well as many of our best cattle. His dam is also red in color and as good a cow as we have ever bred. He is intensely bred in Village Count blood. Eight of the fourteen cattle in his pedigree have produced International Champions. Sired by the noted King of Hearts, we have every reason to believe that King of Diamonds will be a truly great breeding bull.

CLAYTOUN CORONET x1921514—This solid red grandson of the great imported bull, Saltoun Claymore, has already written some impressive chapters in Polled Shorthorn history. One of his sons topped our 1941 sale and one of his daughters topped our 1942 auction. At the 1941 International he sired the grand champion female, the first prize get-of-sire, the first prize senior bull calf, best bull and female of the show any age, first prize pair of calves and a goodly number of our winning ten head group. No more impressive record has ever been established by a breeding bull at the International Live Stock Show.

KING OF HEARTS x2014088—This dark even roan son of Cherry Coronet is out of the same red cow that produced the world famous Queen of Hearts, 1939 junior and grand champion female at the International. A son of this bull topped our 1942 auction. He sires exceptionally good headed, well balanced, rugged calves. Due to war conditions we have not had the privilege of exhibiting any of his offspring although we feel that they would be winning in the greatest shows of America if they were going on at this time.

CORONET CHARMER x2152419—This dark even roan son of Cherry Coronet is now a valued member of our battery of breeding bulls. His dam is the most attractive cow, deep red in color, in our entire breeding herd. She is a polled daughter of Count Coronet and is out of the same cow that produced the mother of Coronet Command. A beautiful Bruce Augusta pedigree and undoubtedly one of the best individuals that we have ever had the pleasure of using as a herd bull.

CORONET PRINCE ROYAL x2132871—In 45 years of breeding Polled Shorthorns we have never owned a bull to equal or compare with Coronet Prince Royal. We want you to come to our farm to see this bull and we know that you will feel that your trip has been worth while. He belongs to the Princess Royal family and his breeding is backed by Thieman, Teegardin, Maxwalton, Bellows and other noteworthy breeders. Many experts and authorities wholeheartedly agree with us that he is the greatest Polled Shorthorn bull that has ever been bred. Regarding his individuality he is perfect in almost every way. One authority made this frank remark, "If I were given the power to change him wherever I please, I don't know what I would do to him."

The History of Thieman's Polled Shorthorns Briefly Narrows Down To This

Forty-five years ago William Thieman bought several of the best Polled Shorthorn cattle available in America at that time. A few years later, his son Lewis W. Thieman, purchased the farm now called the Thieman Home. Along with this, he purchased several cows from his father's herd and also his first straight bred Scotch cow, a member of the Lustre family.

As time went on, the herd grew. The best bulls obtainable were used and outstanding females were added to the cow herd. Included was the highest priced Polled Shorthorn female ever sold, which he purchased.

In recent years the Annual Thieman Polled Shorthorn Auctions are recognized as events of National importance. In 1932 Harold and Homer Thieman, sons of Lewis W. Thieman, started exhibiting Thieman Polled Shorthorns at all of the major shows. That year Vanity Queen was the International champion female. Since then Thieman cattle have made a most enviable show record along with steady improvement in the breeding herd. Herd improvement has been stressed more than show records and most of the cattle each year go to former and evidently satisfied customers. Thieman cattle not only show well but they produce well. They have definitely proven to their new owners to be a source of pride and income. This established fact is invaluable because it serves as a definite incentive to produce more cattle of higher average quality.

The Thieman offering this year will clearly demonstrate just how well and carefully the breeding program down through forty-five years of producing Polled Shorthorns has been carried out. Fifty-three lots of herd bull prospects and beautiful females await your inspection at the farm on October 30th.

"The Thieman Type"

THE MEANING OF A STAR

Each pedigree in this catalog has been scored according to the number of animals appearing in the first three generations that have been International champions or the sire or dam of an International champion. Each star represents an animal that has been an International champion or that has produced an International champion. Only those nearest 14 sires and dams have been used in establishing prospective scores, or, in other words, only the first three generations.

You will find a varied number of stars appearing above each pedigree. Study carefully the records of all animals that sell and you will realize how much championship blood has been used in producing this outstanding sale offering of Polled Shorthorns. It is up to you to see that your herd benefits from the addition of the most popular, prepotent and proven bloodlines available to Polled Shorthorn breeders in America today. Put some of these star-studded pedigrees to work in your herd and notice the rapid improvement in type and quality that your herd will make.

—Mervin F. Aegerter, Sale Manager.

Queen of Hearts 2d was the top selling female in the 1940 sale going to J. C. Banbury & Sons, Plevna, Kans. Queen of Hearts 3d is a most valued member in our breeding herd. Queen of Hearts 4th was purchased by A. McKay Smith, White Post, Va., and was one of the extreme top selling heifers in another Thieman Sale. Queen of Hearts 5th and 6th topped the 1943 and 1944 sales going to McManus Farms, Keokuk, Iowa. The Banbury and one of the McManus heifers were carrying bull calves at the time of their purchase and those two bull calves are now being used extensively in their respective herds. This heifer is safe in calf to King of the Vanities.

THE BEST PROMISE OF FUTURE PERFORMANCE COMES FROM NOTABLE SHOW AND BREEDING RECORDS OF THE PAST

The 1940 undefeated get of Nonpareil Coronet. This group includes three 1940 International class winning remales all of which have already produced outstanding calves.

**Group Uniformity Can
Only be attained by
a Definite
Breeding Program.**

Queen of Hearts 6th x by King of Hearts x and top selling female in 1944 Thieman auction. Purchased by McManus Farms, Keokuk, Iowa who also purchased Queen of Hearts 5th x, top heifer of the 1943 Thieman sale, and dam of McManus Farms' present junior herd sire.

*Character

Quality
and
Uniformity*

Queen of Hearts 2d—One of two females that topped the 1940 Thieman sale, selling to J. C. Banbury & Son, Plevna, Kansas.

The undefeated 1939 Thieman aged herd headed by Cherry Coronet. Generations of planned constructive breeding are responsible for this remarkable group uniformity.

**Not One but Many
Outstanding Individuals
offer further proof of
Rare Performance.**

(Right) The most perfect pair of Polled Shorthorn females ever produced anywhere. Queen of Hearts and Vanity Queen 5th both have been International grand champions on successive years 1939 and 1940. They offer conclusive evidence of the superiority of Thieman Polled Shorthorns.
